

POST SHOW REPORT 2026

PAKISTAN'S POLYURETHANE EXPO

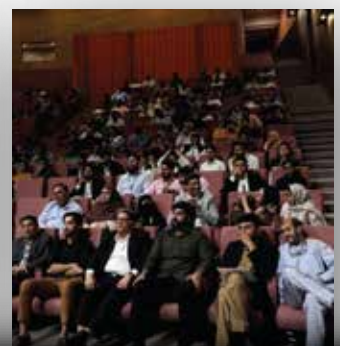

ABOUT THE EVENT

WE CREATED THE FUTURE

Polyurethane Pakistan Expo 2026 marked another milestone in the continued growth and success of Pakistan's polyurethane industry, reflecting the event's remarkable year-on-year expansion. For the second consecutive time, the forum extended across three exhibition halls, demonstrating its increasing scale and international significance. The event featured 256 local exhibitors alongside 51 international companies, showcasing cutting-edge polyurethane innovations, advanced foam and elastomer technologies, and collaborative industry solutions. With attendance exceeding 11,600 industry professionals, the forum created exceptional opportunities for networking, strategic partnerships, and business development. As the largest edition to date, it successfully brought together Pakistan's leading polyurethane, coating, chemical, and laboratory sectors under one roof.

Across all three halls, exhibitors introduced the latest polyurethane products, raw materials, processing technologies, and market-driven solutions, reinforcing the event's position as the country's most comprehensive polyurethane and industrial platform. Industry leaders, researchers, investors, and international delegates highly appreciated the forum's impressive scale, professional execution, and growing global presence, recognizing it as clear evidence of Pakistan's rising polyurethane manufacturing capabilities. The outstanding success of Polyurethane Pakistan Expo 2026 has raised the benchmark for future editions and firmly established the forum as a premier global platform for polyurethane innovation, collaboration, and sustainable industry growth. With consistent progress each year, Pakistan Chemical Forum continues to strengthen its reputation as one of the region's most influential polyurethane and industrial exhibitions.

REASONS TO WHY YOU SHOULD VISIT THE PAKISTAN POLYURETHANE EXPO

Find Top Polyurethane Products in One Place

Meet 67+ leading brands from around the World offering raw Materials, Equipment, and technology for every part of the Polyurethane industry.

Do business and meet new partners

Connect with Polyurethane industry Professionals, share ideas, build Partnerships, and restart business with fresh insights and strong new Relationships.

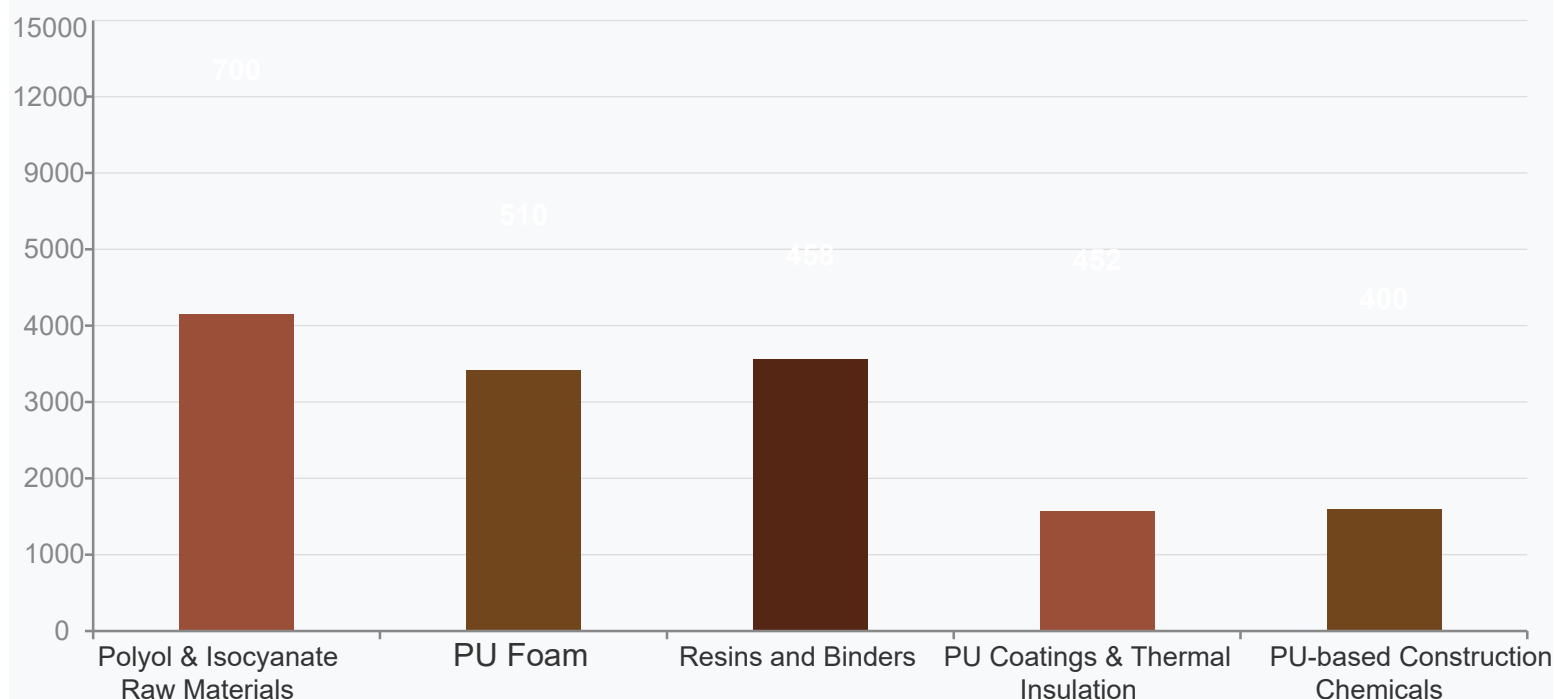

Discover What's New in Polyurethane

Meet Industry experts, explore the latest Polyurethane trends and Technologies, and talk to Suppliers about Materials, testing, and regional Solutions.

Join Expert Talks

Attend 20-minute Presentations by Industry Speakers, Academia Professional and Exhibitors during three days of exhibition to explore their Products, ask questions, and learn more about the Industry

PARTICIPANTS FEEDBACK

90%

of exhibitors felt that their polyurethane sales would increase after the expo

95%

of exhibitors would recommend Polyurethane Pakistan Expo to colleagues

95%

Polyurethane and chemicals exhibitors felt visitor quality was sufficient to meet their goals.

92%

of exhibitors achieved their goals

95%

Participants appreciated the forum for uniting local and international polyurethane industry companies on one platform

98%

of exhibitors will be coming back for the next edition

80%

Pre-Booking for the Polyurethane Pakistan Expo 03-05 June 2027

99%

of visitors at the show were directly relevant to the polyurethane industry sectors exhibited

Participating in the Pakistan Polyurathan expo 2026 was an excellent experience for our company. The event brought together leading industry professionals, innovative suppliers, and serious buyers from across the region. We were able to showcase our products, generate quality business leads, and build valuable partnerships. The organization, visitor engagement, and overall atmosphere were highly professional. We look forward to participating again in future editions
